What Happens Next?

- Immediately after a new pre-registration application is submitted, the course(s) will be listed under “Pre-registered Courses” as “Waitlisted” on the Student Dashboard.
- EnrollRI will batch process pre-registrations **nightly**. You will not see a course immediately listed as “Enrolled” even if there is availability in the course. Expect to wait up to 24 hours to see the course status change.
- If a student is #1 on the waitlist for a course and a spot opens up, they will receive an email notification that they are enrolled. Check the Student Dashboard for course status.
 - HOWEVER, **if an enrollment offer would put the student over the maximum number of courses allowed, the student/family will have 1 day** to log back into EnrollRI. During this time, the student/family must “drop” or “withdraw” from one of their previously enrolled courses and “accept” the new seat. **Last**, the new **course will be listed under “Action Required”** and the student/family must “accept” or “decline” the offer before the offer expires.
- Students/Families may “drop” enrichment courses up to the day prior to the start date.
- Most credit bearing courses will remain open for a one-week add/drop period during the first week of the course. Students taking credit bearing courses who withdraw after the add/drop period will have a “W” on their transcript. For this reason, it is important that students drop a course on their Student Dashboard within the add/drop period.
- **Additional screenshots are below.**

Once a student is pre-registered for a course, it will show up in their student dashboard as “waitlisted.” A user can remove a waitlisted course at any time.
